

Affiliate System Setup Checklist

Step 1 — Set Your Commission (2 min)

- ■ Decide payout per sale (e.g., \$50 or 50%)
- ■ Keep it simple — you can adjust later
- ■ Insert this into the prompt

Step 2 — Drop in the Prompt (1 min)

- ■ Open your project in Buildy
- ■ Paste the affiliate system prompt
- ■ Hit submit

Step 3 — Let It Build (10–15 min)

- ■ Wait for step 1 to complete
- ■ If it pauses, type 'continue'
- ■ Repeat until finished
- ■ Then type: Check everything and finish anything missing

Step 4 — Publish (30 sec)

- ■ Click Publish
- ■ Ensure it's live on your domain

Step 5 — Test (5 min)

- ■ Open site in new browser (not logged in)
- ■ Create a test affiliate account
- ■ Confirm tracking link shows
- ■ Confirm pages load correctly

Step 6 — Fix Issues (if needed)

- ■ Describe problem in plain English
- ■ Use 'Fix with Buildy' or type the issue

Step 7 — Create Your Offer (2 min)

- ■ Add offer in admin area
- ■ Set commission
- ■ Toggle it active

Done — System Is Live

- ■ Affiliate signup page ready
- ■ Dashboard working
- ■ Tracking links active
- ■ Commissions tracked
